## TC1 & TMI1 TRAFFIC CONTROLLER & MANAGEMENT

### Course Overview:

This combined Traffic Control (TC1) and Traffic Management Implementer (TMI1) course is designed to equip participants with the skills and knowledge required to safely control traffic and implement traffic management plans on public roads, construction sites, and civil work zones.

The course focuses on minimising risks to workers, motorists, and pedestrians by ensuring traffic is safely managed around work areas. Participants will learn how to use stop/slow bats, portable traffic control devices, and correctly set up and monitor traffic control equipment in line with relevant legislation, Australian Standards, and organisational procedures.

NATIONALLY RECOGNISED  
TRAINING

# TC1 & TMI1

## Entry Requirements:

- ✓ Learners must be 18 years of age or older
- ✓ Must hold the unit CPCWHS1001 Prepare to work Safely in the Construction Industry or its equivalent unit.
- ✓ Ability to pass a basic Language, Literacy and Numeracy (LLN) assessment
- ✓ Learners are required to be reaccredited every 3 years to maintain their certification and industry compliance

## Outcome:

Upon successful completion, participants will be able to:

- ✓ Safely control traffic using stop/slow bats and portable devices
- ✓ Implement and monitor traffic management plans
- ✓ Protect the safety of workers, motorists, and pedestrians on-site

Participants will receive a nationally recognised Statement of Attainment covering both Traffic Controller (TC1) and Traffic Management Implementer (TMI1) units, enabling them to work legally and safely in traffic control and management roles across Australia.

### EXPERIENCED TRAINERS

*Learn from industry experts with real-world construction experience*

### FAST TURNAROUND

*Get your certification quickly so you can start working sooner*

### NATIONALLY RECOGNISED TRAINING

*Valid across all Australian states and territories*
